EXPERIENCE & EMPLOYMENT:

Alstom – Internship

Network Engineering Intern – Worked with the Networking and Connectivity (N&C) team at Alstom. Helped with Switch configurations (mainly CNSEs), working closely with the Data Transmission System (DTS) at multiple Alstom sites across the United States, in addition to other systems. Composed a Final Design Review (FDR), which was presented to a major client, detailing the N&C team's involvement in Alstom's Automated People Movers (APMs) for that site, as well as helping draft additional engineering documentation.

Skills – Networking, Network Engineering, Computer Software, Routing, Switching, Network Security, CAD, Documentation

May 2025 – August 2025
Pittsburgh, PA

Tobii Dynavox - Internship

Project Management Intern – Worked with Program Management, IT, Software, and Engineering Departments. Assisted with designing new hardware products, attended meetings with global offices, assisted with forecasting, organized product release dates, and worked with the software department to fix bugs.

Skills – Computer Hardware, Program Management, Forecasting, Business Management, Computer Software
